[Click on:](#) Building & Construction Plans 2020-02-14 General for Permit

Windermere and Wickliffe were approved by the Board at the same meeting. Their plans are the same building. Windermere was not starting construction until the spring of 2020. That is why it is uploaded a year later than all the other schools. It also is the first plans to say "All Gender." Hence the District went to Court to fight the Ohio Building Code in 2020 for only Windermere.
